PROFILE

Completed vocational training as a System Integration Specialist. My focus is on Linux, networks, virtualization and reliable technical support. Through my part-time role, I also bring hands-on experience with POS systems, web hosting and event technology.

SKILLS

Linux & virtualization: Linux, Proxmox VE, KVM/QEMU, Docker basics

Networks: VLANs, OPNsense, UniFi, VPN/WireGuard, monitoring

Web hosting: Plesk, WordPress, email hosting and simple web services

Support & systems: Troubleshooting, POS systems, PC/server hardware and Home Assistant

LANGUAGES

German: native

English: very good written and spoken skills (B2/C1, evidenced by school record)

Dutch: basic knowledge, currently self-studying
